

## **SUMMER**

*By Masego and Hhlanhla Mthemba*

*Sunday 19<sup>th</sup> December 2004 – Chapel and Summerhouse*

Our wedding was, a dream come true for both of us. We had been dating for almost nine years. After experiencing many ups and downs, we finally had our relationship blessed and we became one before God. Having our family and friends share this occasion was a blessing for both of us. Oakfield Farm was the perfect choice for our wedding. The serene environment, the majestic old Oak trees, the Rose gardens and the Chapel make this exquisite venue a real classic.

All your plans are meaningless if you do not have a professional and dedicated team to look after all the details at the wedding. The Oakfield staff attended to our every need.

The Horse and Carriage is the scene I shall never forget and the food, which has the potential to ruin a great occasion, was absolutely delicious and complimented by all our guests – five star!

A wonderful omen was when it rained for about two hours during the reception. This was, we both believed, an endorsement that our prayers had been heard and that we had found in each other the perfect partner for life.
