Lara, a singer by profession knew that she wanted to do something different to surprise her new husband and so, together with her big band group *Sisters Sentimental* they performed some numbers that added that intimate and unexpected touch of musical magic to their unforgettable day!

Deane and Lara met through music and it forms such an integral part of their lives, that it seemed so perfect to share their love through music on the day. Their 'vintage glamour' theme was captured in the elegance of the décor—lilies, roses and ornate silver, together with all the warmth of candlelight and jazz had all the married couples gazing at each other lovingly, which is exactly what Lara wanted for her wedding!

Often doing something special and unique does have cost implications, but memories are for life and it is these personal touches that stay with people forever. In Lara's words: "I will cherish the memory of Deane's face forever when we started singing, the tears in my father-in-laws' eyes and the feeling in that room was the stuff that dreams are made of!"
